# Dedication

To Dr. Joseph Meholin Scott, we, the June Class of 1946 do reverently dedicate this book.

For more than a quarter of a century, Dr. Scott distinguished himself in the service of Mount Union College. His many professional accomplishments gained for him a national reputation as scientist and educator. Dr. Scott was loved, respected, and admired by all those with whom he associated; to his students and to his colleagues he will always remain a dominating influence.

Let this dedication be a tribute to his fighting spirit, his firm integrity and his undying faith in humanity. May these qualities be embodied in our lives and in Mount Union College.

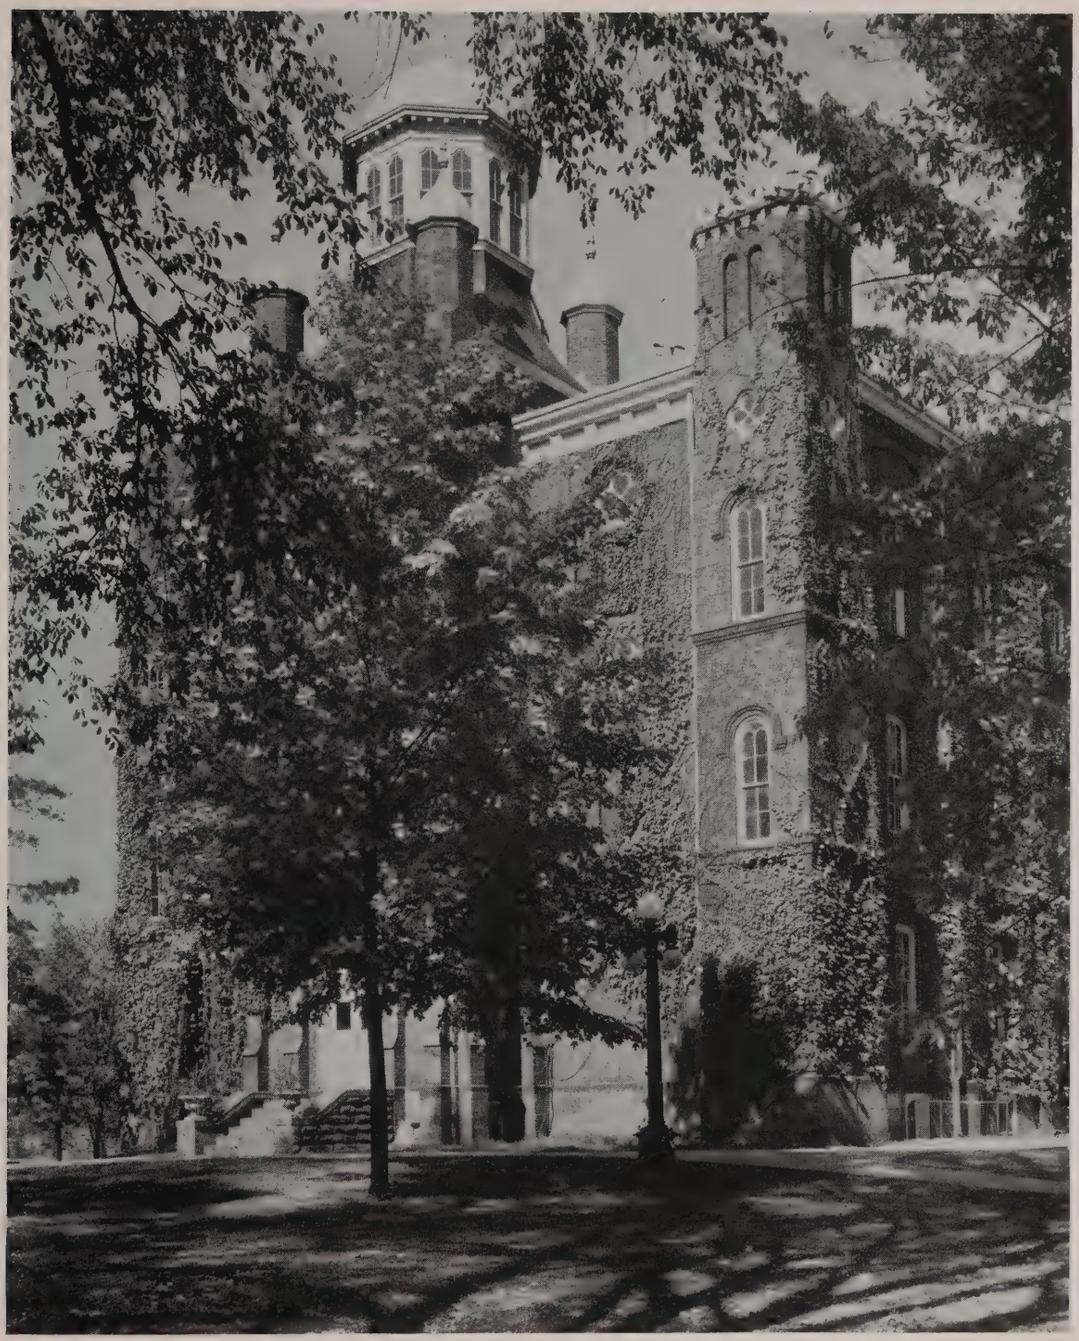
# Alma Mater

Hark! From mountain, hill, and valley
Rings the music as they rally,
Sons and daughters of Mount Union,
Singing songs of praise,
See! They come unceasing,
Care and toil releasing,
Shouting in a mighty chorus
More and more increasing.

CHORUS
Wake the echoes loud with cheering.
Shout again! The day is nearing,
Night is gone with doubt and fearing
Dear Old M. U. C.

Rouse your souls from sloth and slumber
Gird yourselves and join our number
Loyal to Mount Union College
Rally round her now!!
On her worth relying
Keep her colors flying
Crown the heroes of her battles
Each with name undying.

Nobly stands the grand old college!
Home of honor, shrine of knowledge!
Storm and stress and time but prove her
Constant, brave and true;
Mark! each new endeavor
Makes her stronger ever.
Hearts and hands for toil and battle,
May they fail her never!



Through the years Chapman Hall has lived vividly in the memories of all students of Mount Union College

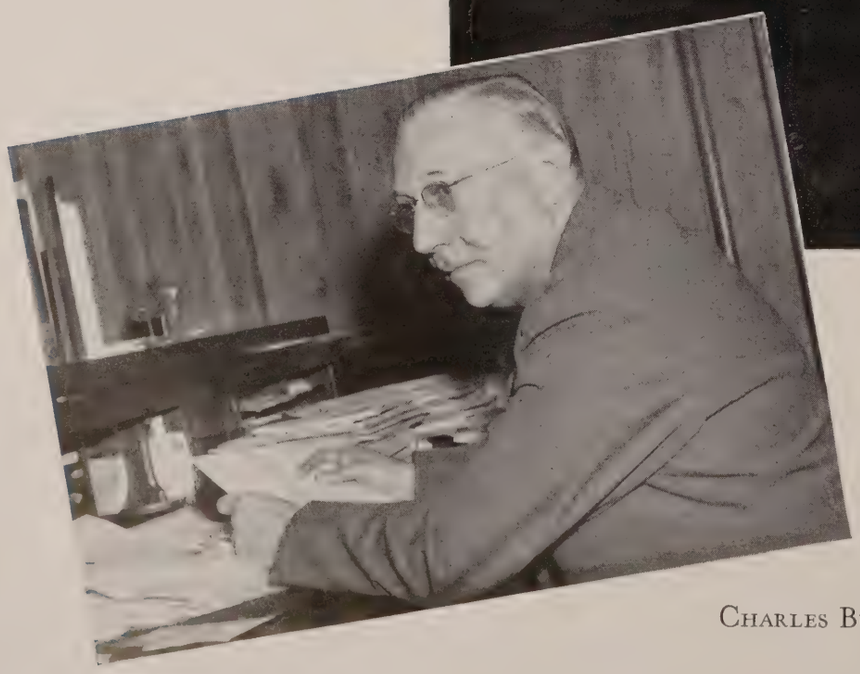
Yes—times have changed, and we are all proud of the great advancements made by our college throughout the first hundred years.

# *Our President*



CHARLES BURGESS KETCHAM, B.D., A.M., D.D.
*President of the College*

THE MOVING FINGER writes and, having writ, moves on." the poet tells us in emphasizing the unalterable character of the past. But the past in all its aspects and all of its colorful details is not indelibly written, even if it is unalterably written. It is easy to forget. Reminders are necessary if we would keep the past vividly alive and accurate in its outlines and details.

In this book is told for our remembrance the story of this Centennial Year,—the first year of the new peace. For the future we have recorded what life at Mount Union was like in 1945-46. It has been a good year. The story has been worth the telling and we are proud of it. We trust those who turn to it in Mount Union's second century will find it enjoyable reading and an inspiration to even greater achievements and better living.

The present world situation is a very complex and an equally confusing one. Our seniors will have to cope with the problems of reorganizing a discouraged world society. They will have to fight hard to keep that true spirit of hope that has helped them during their college career.

There is still the last rung of the ladder to climb. It is the most difficult step for with it is mixed the fear of what is coming next. The juniors realize that their college career is just the beginning of what there is to know and of what there is to accomplish.

Sophomores are the unfortunate in-betweens on campus. They are not ignored, but neither are they recognized. This attitude is a healthy one for it offers a challenge to the individual with hope for recognition.

The Dynamo was originally published as the "Literary Advance", which first appeared in December of 1870. Since 1888, when it assumed the name, the paper has been referred to as the Dynamo, published bi-weekly to all students of the college. The staff which edits the paper is composed of students who are interested in writing.

The yearbook of Mount Union is known as the *Unonian*. The purpose of this publication is to portray student life during the college year. The staff is composed of members chosen from the student body. The yearbook has been published annually since the time of the first graduation from Mount Union College.

# College Play

Two dramatic productions were highlights of the year's calendar of activities—LADIES IN RETIREMENT by Elizabeth McFadden, and AS YOU LIKE IT, by William Shakespeare. The former, a thrilling melodrama, which ran the gamut of emotions from love to suppressed hatred and attempted murder, was the fall production and starred Jean Lindsay as Victoria Van Bret, with Neil Schrader, Ann Horton, Austin Hammond, Thalia Bedell, and Dan Susco in supporting roles. Other cast members were Paul Keiser, Patti Hari, Virginia Archer, Art Drukenbrod, Albert Gfeller, and Harry Gardner. Sally Foote served in the important capacity of production manager.

The fanciful comedy and spring production, AS YOU LIKE IT, was an outstanding performance, involving unusual staging and lighting, a large cast, and active student participation in committee projects. Helen Cope graced the role of Rosalind; William France, Orlando; Dorothy Smith, Celia; Max Hostetler, Oliver; Richard Bossart, Senior Duke; E. J. Bryan, Touchstone; Letty Bennett, Audrey; Bill McFadden, Sylvius; Thelma Taylor, Phoebe; William Edgar, Corin; Lee Willman, Charles; and Bill Ramsey, Jaques. Supporting roles were portrayed by Ralph Martin, James Hartland, Lloyd Swanson William Miles, and Chester Benjamin. Sally Hathaway Donze was the production manager.

Justine F. Bettiker directed the dramatic program which included, not onlv these productions, but numerous one-act plays. James Rodman served most efficiently as stage manager for the year's activities.

# Honoraries and Clubs

Extra-curricular activities play an important role in the total education of an individual. Mount Union is very much interested in the all-round development of its students. For this reason it has a great respect for socializing activities.

In encouraging clubs, Mount Union does not underestimate the importance of good mental development; but it does put equal emphasis on the betterment of the mental, physical, and social nature of the individual.

To be successful in life one must learn to deal pleasantly and effectively with people. Mental discipline and physical stamina are also necessary for a successful and an interesting life.

It is for these reasons that Mount Union gives us opportunities to improve all phases of our nature. This purpose of education is to develop in each individual knowledge, ideas, ideals, powers, interests and endurance. Our college has the complete education of its students in mind when it encourages extra-curricular activities.

# Delta Delta Delta

Delta Nu of Delta Delta Delta carried on once again this year in keeping with both her local and her national reputation for leadership. Following on the heels of the Illumination Night victory came the winning of Stunt Night. A Tri-Delt was the first woman ever to be president of the Student Senate. The Tri-Delts were also proud of their presidencies of Y.W.C.A., W.A.A., the *Dynamo* Association, and the chapel choir.

Great object of pride to Delta Nu was its Centennial Queen and court member. Also, in the field of beauty, was the sophomore class beauty who sports the stars and crescent.

Editors of both the *Unonian* and the *Dynamo* were Tri-Delts. The chapter had four representatives in Psi Kappa Omega and four in *Who's Who*. The lead part in the spring production and the position of production manager in the fall presentation were awarded to Tri-Delts.

# Coaches

Coach "Pete" graduated from Western State College in Colorado, where he was All-American in football. He obtained his Master's degree in English at Western State, and served as assistant coach in basketball and football for two years. Incidentally, his team was second in the Rocky Mountain Conference in both years. He then took his coaching technique to Mexico City for a year.

Pete didn't confine himself to amateur sports. He played professional football for one year and professional basketball for four years. For two years, he combined coaching at Shaker Heights with pro-basketball.

Coach Pete came to Mount in the 1942 football season. Following this he was attached to the Army Air Corps Unit on campus, and later the Navy. He was with the Navy Under-Water Demolition for two years, and returned to Mount in February.

A native of Akron, Coach Rafeld received his Bachelor's degree from Virginia Wesleyan, and his Master's degree from the University of Akron. He is now working towards a doctorate at Western Reserve.

Coach Rafeld was on the coaching staff of Kenmore high school for four years and Shaker Heights for seven years. He came to Mount in September, 1945.

Basketball has been called Mount's game. In 1892, basketball was introduced to the world as a college sport by a Mount Union team. Mount has traditionally produced outstanding teams in the Ohio Conference.

Herbert Johns, student director of physical education, was instrumental in initiating the sport here. Morgan Gym, home of collegiate sports activities until 1914, was the site of the first game. Between 1914 and 1918, a large skating rink was used for contests. Games returned to Morgan Gym until completion of Soldiers' Memorial Hall in 1921.

Consistently since 1914, when Mount joined the Ohio Conference, she has finished each campaign in the upper half of the season's standing. In 1916, Mount copped the conference championship, the first of a series of victories which followed in 1924, 1925, 1926, 1929, 1931, and 1932. The team of 1938 had to its credit 17 victories and 2 defeats, to win the mythical title of State Champions of Ohio. This same team registered the greatest number of victories ever accredited to a Mount Union season.

Basketball has provided a strong unifying factor among the students, alumni, and faculty of Mount Union College, as well as among townspeople and sports lovers.

SPRING-HOLZWARTH WAS BUT AN INFANT OF TWO YEARS WHEN THIS HEADLINE CRASHED THE NEWSPAPERS

But we know from the history books that many critical and awesome times preceded it, we also know from experience that many followed it.

Looking up toward the campus on the hill, the thought suddenly comes to our mind, SURELY WE HAVE ONE THING IN COMMON, for we have acquired half that number.

## Yes WE have passed our first 50 years!

THE FACT THAT THEY HAVE SUCCESSFULLY PASSED, leads us to believe, that our efforts have not been in vain. Therefore this year in Alliance it has been proven that it is worthwhile to constantly strive to give the best in whatever service you have chosen to render. Be it merchandising or education.

As Mt. Union College moves forward into the next one hundred years of constant change, so shall we go into the next fifty years with the same confidence that signifies a long career.
